

Dell Pro Essential 15 (PV15265)

Dell Pro Essential 15

Featuring AMD Ryzen™ processors

Business-ready laptops with essential security and manageability features

Offerings may vary by region.

Dell Pro Essential Business Features

Security
 Protect sensitive data with a hardware TPM security chip, log in quickly and securely with a fingerprint reader, and prevent theft by anchoring your computer with the security lock slot (available on 14" only).

Support
 Dell Support Assist detects and resolves issues proactively, while ProSupport offers 24/7 expert help. Extend coverage with the ProSupport 5-year maximum warranty for peace of mind against unexpected issues.

Manageability
 With Autopilot and Microsoft Intune, streamline device setup by automating configuration and deployment, allowing your team to start working immediately with minimal IT. With Dell Management Portal you can manage Dell PCs, over the cloud in conjunction with Microsoft Intune.

Intelligent Software
 Enhance system performance and security with Dell BIOS, while Dell Update ensures smooth operation by automatically updating critical fixes and drivers. Leverage Dell Optimizer's AI for application and power optimization, and use Excalibur OS for OS recovery support.

Proven Reliability
 Enjoy peace of mind with Dell's high standards including military-grade testing for added reliability and durability.

Hardware
 Boost productivity with a new Copilot key for easy access to AI assistance, and a 10-key numpad for quick data entry.

Operating System
 Windows 11 Home simplifies everyday tasks with a user-friendly interface, while Windows 11 Pro enhances productivity with advanced security features and remote desktop access, perfect for managing your business efficiently.

Configurability
 Accelerate your workflow with Smart Select, which provides pre-selected device configurations that are ready to ship quickly, ensuring your team gets the right tools without delay.

Dell Pro Essential 15

Fit for everyday work

Feature

Use Case Essential performance, 15" laptop balancing portability with spacious display and numeric keypad. Ideal for everyday computing, office productivity, and multitasking.

Chassis Material & Color Choice of:
Plastic (PC+ABS): Carbon Black.
Plastic (PC+ABS): Platinum Silver.

Form Factor 15.6" notebook with numeric keypad. Dimensions: 0.67"-0.74" x 14.11" x 9.27"
(16.96-18.99mm x 358.50mm x 235.56mm)

Camera Integrated HD (720p) webcam with single digital microphone and temporal noise reduction.

Starting Weight 3.67 lb. (1.66 kg)

Simplify IT

Basic security, manageability and serviceability for simple, reliable IT

SECURITY

Hardware security helps reduce the attack surface and improve cyber resilience.

Robust supply chain controls help protect PCs from factory to first boot.

HW TPM 2.0: Secure encryption for data protection. (Standard)

Fingerprint reader: Biometric access for enhanced security. (Optional)

Privacy shutter: Physical safeguard for camera privacy. (Optional)

Lock slot: Physical defense against device theft. (Available on Dell Pro 14 Essential only)

Software: Layer on next-gen antivirus (NGAV) and PC find/lock software for greater protection.

MANAGEABILITY

With the Dell Management Portal, you can:

view fleet information including device name and model, service tag

publish select applications¹ to your fleet, quickly

easily link to Dell Device Management Console, to manage your fleet of peripherals

all from the cloud.

Microsoft Autopilot simplifies and streamlines device deployment with effortless zero-touch configuration.

RELIABILITY

Proven testing for unmatched reliability in all environments.

MIL-STD-810H testing ensures reliability, durability, and performance in extreme conditions.

Among Small and Medium-Business IT decision makers, Dell scored significantly higher than industry peers on perceptions of having the best quality products.²

¹SupportAssist

²Based on Illuminas research commissioned by Dell in March 2025. Results based on a survey of 2,004 laptop users, including consumers and SMB IT decision-makers. Participants evaluated leading laptop brands on quality, reliability, durability, and innovation. Ratings were collected using a 5-point scale and analyzed for statistical significance at the 90% and 95% confidence levels.

Simplify PC refresh with Dell Services

Enabling every step of the PC lifecycle

Dell APEX PC as a Service¹

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

APEX PC as a Service makes it easy to refresh to the latest PCs and seamlessly deploy, secure, manage, support and help with the retirement of devices.

[Dell APEX PC as a Service \(PCAAS\) >](#)

Dell Premier

324%

ROI over 3 years³
Modernize IT purchasing by shopping your catalog in a tailored online solution. Gain control over the entire IT ecosystem to cut costs, standardize ordering, access analytics and more.

Lifecycle
Solutions

Asset Recovery Services

2.8B

Pounds of electronics recovered through all recovery programs since 2007²
Let Dell help you securely and responsibly retire your old IT equipment - regardless of brand – to allow for a seamless transition from old to new technology, while protecting both your business and the planet.

[Asset Recovery Services >](#)

ProDeploy Client Suite

PC refresh starts with getting new devices in the hands of your end-users. Dell ProDeploy Suite streamlines operations and increases productivity with configured PCs that are ready to use on day one with dynamic cloud-based provisioning and imaging.

When transitioning from old to new technology, ProDeploy Plus includes the ability to securely erase sensitive end-user data with sophisticated tools to sanitize devices and includes Asset Recovery Services for responsible retirement.

[Dell ProDeploy Client Suite >](#)

ProSupport Suite for PCs

ProSupport Suite is more than a 24/7 break-fix solution, it's a set of tools that automate and optimize your environment with little to no human intervention or end-user disruption.

Select from a robust library of Dell-authored scripts that correct company-wide issues quickly, minimizing remediation times and maintaining peak system performance. ProSupport Suite provides telemetry-driven data to arm IT with insights and make targeted updates, all controlled from a single dashboard.

[ProSupport Suite for PCs >](#)

Designed with circularity in mind

Material innovation

This device is designed with 30% post-consumer recycled plastic in the palm rest and bottom cover and ships with an adapter made from 95% post-consumer recycled plastic.¹

Excellence in environmental standards

These PCs are certified ENERGY STAR² and registered EPEAT Gold with Climate+. With Climate+ these laptops have met environmental criteria that address climate change and reducing greenhouse gas emissions³.

Packaging with purpose

Ships in packaging made from 100% recycled or renewable materials⁴.

Seamlessly transition from old to new technology

When you're ready to retire your device, we'll help you responsibly and securely do so regardless of brand.

[Learn more](#)

¹Based on internal analysis, October 2025. 30% recycled plastic in the palm rest and 30% recycled bottom door. 95% post-consumer recycled plastic in the case. Based on chosen configuration of the 65W Type-C Adapter.

²Based on internal analysis, October 2025. ENERGY STAR certifications may vary by configuration. See www.energystar.gov/productfinder/ for certification status.

³Based on internal analysis, October 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration may vary by country and configuration. See www.epeat.net for registration status by country.

⁴Contains up to 94.5% recycled content and 60.5% renewable content in the form of sustainably forested materials. Excludes option items added to order and included in the box.

Recommended Accessories

Dell Pro 24 Plus USB-C Hub Monitor - P2425HE

Stay connected to productivity with this FHD hub monitor, designed to deliver both performance and comfort. Certified by TÜV for 4-star eye comfort, it ensures enhanced visual comfort during extended use. Additionally, it offers up to 90W of power delivery, making it a versatile solution for powering your devices.

Dell Pro Compact Silent Keyboard and Mouse - KM555

Work quietly in any space with a compact, silent keyboard and mouse combo that connects seamlessly with dual-mode connectivity.

Dell Pro Wireless Headset - WL3024

Experience uninterrupted communication with this wireless headset featuring an AI-based noise cancellation microphone, designed with productivity and comfort in mind for all-day conferencing.

Dell Webcam - WB3023

Collaborate confidently with this 2K QHD webcam that's essential for everyday use.

Dell Pro 15-16 Plus EcoLoop Slim Briefcase - CC5624S

Designed for on-the-go productivity and protection, this slim briefcase is made of eco-conscious material to complement any lifestyle.

Dell Pro Compact Silent Mouse - MS355

Work quietly in any space with a compact mouse that clicks, scrolls, and glides silently and connects seamlessly via RF dongle or Bluetooth.

Ports & Slots

PV15265

- 1 USB 2.0 Type-A
- 2 Global Headset Jack¹
- 3 Power Jack - 4.5mm barrel power delivery
- 4 HDMI 1.4²
- 5 USB 3.2 Gen 1 Type-A
- 6 USB 3.2 Gen 2 (10 Gbps) Type-C (DisplayPort/Power Delivery)³

¹3.5 mm universal audio jack functionality varies by model configuration. For best results, use Dell recommended audio accessories.

²The maximum resolution supported over HDMI is 1920x1080 @60Hz. No 4K/2K output.

³Type-C power adapter optional, additional cost may apply. Regional offering may vary
