**Inspire with exceptional devices**—ideal for both SMB and enterprise audiences.

# Craft a unique portfolio with exclusive Smart Experiences

Lenovo  
AURA EDITION  
imagined with Intel®

The Lenovo and Intel® partnership delivers more than just exceptional devices. Years of deep collaboration have resulted in evolved software solutions that elevate your customers' every day and differentiate your offering from the competition.

Exclusive to Lenovo Aura Edition, Smart Experiences enrich how teams work, with personalized, predictive, and intuitive experiences that reduce barriers to productivity.

## Smart Modes<sup>1</sup>

**Elevate everyday experiences, with personalized productivity.**

With **Smart Modes**, users can switch between pre-defined, customizable use-case scenarios, including:

Working

Learning

Meeting

Entertainment

Creative

Gaming

Workflows can be made smoother automatically too. So whether they need optimized power efficiency on the go, or minimized distractions when they're focusing, Automation Mode will detect users' workloads and instantly choose the ideal scenario.

## Smart Share<sup>®</sup>

**Deliver uninterrupted efficiency—with only one tap.**

**Smart Share<sup>®</sup>** makes it simpler and faster than ever to connect people and devices for exceptional productivity.

**Tap to Launch** streamlines the transfer of photos and videos between phones and Lenovo Aura Edition devices.

**Tap to Pair** enables quick device and accessory connection via Bluetooth, without the lag.

## Smart Care<sup>2</sup>

**Provide real-time access to expert IT support whenever and wherever it's needed.**

**Smart Care** keeps teams running with enhanced support that minimizes downtime, offering global coverage and flexible options, including:

- Self-troubleshooting
- Video assistance
- Live chat
- Phone call

For improved device health, a Lenovo Device Orchestration subscription is ready to help keep things in check.
